Muslim Elders

Day Service

Muslim Elders Day Service

Following requests from Sheffield's Muslim communities Care2Care Services introduced the Day Care service for Muslim Elders in 2008 in partnership with Sheffield City Council. Since funding for this popular service ceased in 2012, Care2Care have continued to offer the service to meet the needs of the City's Muslim communities.

The aim of the service is to provide a:

- Day Care service for Muslim Elders (65+) of all the City's Muslim communities who feel this service will meet their needs.
- Safe, supportive and structured environment, where the individual's needs can be met and their independence encouraged.
- Range of personal care services and appropriate activities to improve and sustain a quality of life that promotes dignity and encourages service users to achieve their maximum potential.
- Service that will respect and celebrate the cultural, ethnic and religious beliefs of service users, and develop in response to their wishes to continue to meet their needs.
- Service that gives full consideration to gender segregation, language differences and the differences between the varied ethnic groups within the Muslim community.

Day Centre Facilities and Services

Showering

Showering facilities will be provided for individuals wishing to have a shower whilst at the centre. Our trained care staff have access to a private, fully accessible specialist shower-room and will provide assistance if required. Respect to individuals gender, culture and beliefs will be given at all times, as will the maintenance of privacy and dignity. A fee will be charged to cover the cost of providing this service.

Activities

All the activities will be varied and individualised to suit service user's preferences. Our care staff will provide service users and their carers with the opportunity to find out about the activities we have on offer, and a weekly activity programme will be incorporated into individual care plans. Service users will be encouraged to follow this, but there will be no compulsion to do so.

Regular trips out will be offered to provide the opportunity to visit different places and events of interest. A fee will be charged to cover the cost of the trips.

Personal

Care Information will be provided about hairdressers, dentists, opticians, chiropodists, and other personal care services. Care staff will be happy to arrange visits for anyone wishing to use these services whilst at the Centre.

Health Care

Care staff will work with service users and their carers to ensure they take their medication correctly and safely at the appropriate times.

Spiritual Care

Information regarding the facilities available for worship will be made available to all service users. Care staff will endeavour to assist and lead worship/prayer times as required, and will help to make arrangements for representatives from the service user's Mosque to visit.
